# The Sociology Of Organizations Classic Contemporary Critical Readings 2002 Publication

**sociology: definition and overview of the field** - sociology, in the broadest sense, is the study of society. sociology is a very broad discipline that examines how humans interact with each other and how human behavior is shaped by social structures (groups, communities, organizations), social categories (age, sex, class, race, etc.), and social institutions (politics, religion, education, etc.). **introduction to sociology - university of florida** - the term sociology was coined by auguste comte (1798-1857) in 1838 from the latin term socius (companion, associate) and the greek term logia (study of, speech). comte hoped to unify all the sciences under sociology; he believed sociology held the potential to improve society and direct human activity, including the other sciences. **what is sociology? - york university** - sociology is the study of the powerful social forces that influence social relations and personal lives. sociology emerged at the time of the industrial revolution, an era of massive social transformations accompanied by new social problems.
